SECOND CONTEST

Question of Dividing State Into Two Superior Court Circuits Taken Up.

[Special to The Times-Dispatch.] Raleigh, N. C., February 9 .- The

question of dividing the State into two Superior Court circuits looms up for contest a second time this session. Senagor Ward, in the Senate, and Mr. Weatherspoon, in the House, introduced bills for the State to be divided into two judicial circuits of ten districts each yesterday, and with the question of twenty districts settled, lawyers intend to fight it out, along with the redistricting of the State under the new act.

new act.

Through joint resolution by Senator Jones, put through immediate passage in the Senate, heads of State institutions are directed to report at once the very least money each can get along with for the next two years, this as information for the Committee on

Appropriations.

The Senate passed the House resolu-tion appointing a commission to look into the allotment of quarters to State onto the allotment of quarters to State departments in the new State building. There was an unsuccessful effort in the House to get a vote on the bill to change the county seat from Webster to Sylva, insistence being made successfully that too many members were absent.

RIPARIAN RIGHTS

May Build Electric Plant-Deal With Chesapeake and Ohio Thought Probable.

[Special to The Times-Dispatch.] Lyachburg, Va., February 9 .- It is learned from a reliable source that steps may be expected soon in local municipal government circles looking to a transfer of the Chesapeake and Ohio Railway's riparian rights and the Works Dam to the city, in order to en-able the city to equip and operate a plant for the manufacture of elecplant for the manufacture of electricity for the lighting of the streets. In order to make it possible for the railway to transfer its property and rights to the city an enabling act would be necessary in the General Assembly, and steps looking to this are expected to be taken long before the time for such a bill to be presented in the Legislature in Richmond a year hence.

While it is not known yet whether a definite proposition has been made to the city in the premises, it is be-lieved that all of this information will be in hand when the City Council gets a report from the committee handling the project.

of drinkers.

A year ago this enabling act would have been secured from the Legislature but for the refusal of one of the members of the Board of Aldermen to vote for it, that vote being necessary to pass a resolution asking for the required act.

At that time it was understood that the railway company would be willing to deed the water rights to the city for the privilege of filling the canal from the dam down to the eastern end of the Lynchburg level, which could then be utilized for yard purposes. In addition to giving the dam and the riparian rights for this purpose, it is now believed that the railway company would agree also to give the city a sum necessary to build and equip a municipal electrical light plant being willsipal electrict light plant, being willing to do this in order to secure the nlarged yard facilities incident to the illing up of the canal.

Recenty there has been a revival of he talk about such a scheme, this be-ng brought about by the desire to mprove the business section of Main Street, for there are some who do not want to see the street repayed until arrangements can be made for the laying of conduits for the electric wires necessary on Main Street.

Aubrey Willains, paster of the Baptist Church of this city, was selected as one of the two ministers on which the degree of doctor of divinity should be conferred by the college. The board confers two D. D. degrees at each semi-annual session. Dr. Williams is well worthy of this honor. He has been pastor of the church here for cight years, and the church has greatly prospered under his ministrations. The membership is about 1,000, and the Sunday school enrollment about the same number. The church has recently been enlarged, renovated and improved. It is now in a flourishing condition. A Sunday school institute was held this week by Dr. J. T. Watts, and on Sunday a revival will begin, in which Dr. Wilson, pastor of Grace Street Baptist Church, Richmond, will assist the pastor. doctor of divinity should be conferred

Mrs. Caroline Birmingham, of Galveston, Texas, has purchased of Henry Hamke the Chancellor farm, containing 130 scres, located in Spotsylvania County, on the improved good roads, two and one-half miles from Fredericksburg. The property brought 25 per cent more than the amount it sold for just prior to the building of good roads in Spotsylvania County. Mrs. Birmingham and her family will occupy the property as their home.

Graduating exercises for the Fredericksburg High School were held Friday night in the auditorium of the public school. The exercises consisted of invocation by Rev. J. R. Jacobs; address by Dr. J. S. Grasty, of the University of Virginia; delivery of diplomas by Isaac Hirch, president of the school board. Other features were the awarding of football monograms and vocal and instrumental solos. The graduates were Misses Elsie Wood, Margaret Sacrey, Theresa Dannehl, Eliabeth Russell, Elizabeth Ninde, Lucille Rawlings and Florence Smith. Mrs. E. C.
